

New for 2017 are Salon Colors

New acoustical surfaces in wood ...richer grains, deeper lines and vivid colors ... for specifications from January 2017 ... and supplies from July 2017 .. Anutone always evolving

**Applies to all Salon products ...
 Slats Surco, Spots Taladro, Slit Ranurado,
 Square Cuadrado, Circle Circulo, Sonator Liso**

Since July 2007 when wood-based acoustical panels were launched for the first time in India by Anutone, the aspirations of the millennials is met with warm, classic interiors that look good and sound great. Now after 10 years, from July 2017, Anutone delivers the Salon range with new visuals.

Products

- **Slats Surco** - lineal grooves of 2mm width along the length of the panel at 16/32/64/128mm centres for the classical slatted look
- **Spots Taladro** - drilled circular perforations from mini 6mm to micro 3~1 mm and even the nano <1mm with a choice of pitch
- **Slit Ranurado** - slotted perforations in different dimensions and combinations to render bespoke ceilings and panelling
- **Square Cuadrado** - fair and square perforations with larger open area for more sound absorption and striking visuals
- **Circle Circulo** - mega and midi perforations in circular shape with larger open area for more sound absorption and non-directional visuals
- **Sonator Liso** - smooth surface finish for relief from perforations and low frequency sound absorption by the membrane resonator principle

Highlights

- **A color palette** that satisfies every interior design scheme, now truly refreshed
- **50 years** of industry and **10 years** of product experience, insight and knowledge - unique!!!

Veneer

Melamine

This wooden surface swatch card is a sampler for illustrative purposes only. Actual acoustical panel surface may vary. Veneer shades will always vary, even in the same batch, due to natural extraction of real wood. Melamine shades are likely to vary from batch to batch due to limitations in rendering technology. Wooden panel specifications are subject to change without prior notice due to continuous improvement programs at Anutone. Please keep this colour reference guide away from damp/wet conditions and termites at all times.
