

First in India with Make in India

Since 1966 Anutone has been a strong evangelist of 'Make in India' for acoustical panels, much before 'Make in India' became a populist slogan, a pioneering trend, a pride label. Anutone occupies the centrestage of this narrative and the trajectory of 50+ years continues to propel us to new products which are first in India as Make in India

Case Study 1

Salon Slit Ranurado & Salon Sircle Circulo

Xavier School of Management

www.xlri.ac.in

Place - Jamshedpur

Segment - **Education**
[Auditorium]

Design|Build - Lawrence

Products - Slit Ranurado,
Sircle Circulo,
Strand, Tufbloc,
SynthPF

Architect & client needed a distinctive look and feel for their multipurpose auditorium preferably with Make in India products and systems.

Team Anutone came up with the perfect solution that fulfilled three key parameters

- 1) Stunning visuals
- 2) Effective acoustics
- 3) Make in India products

with a combination of Slit Ranurado and Sircle Circulo for the walls apart from Tufbloc and Strand for the ceiling. Needless to add, SynthPF was used as a backlining for performance enhancement.

Case Study 2

Salon Square Cuadrado

KPMG

www.home.kpmg.com/xx/en/home.html

Place - Chennai

Segment - **Cafeteria**

Architect - Edifice

Contractor - Cherry Hill

Installer - Matrix

Products - Square Cuadrado,
'Subtex Shapes
Nubby Hexagon
Colour - Blue'

How to achieve a dynamic, designer ceiling that scores high on visuals and aural? Anutone teamed up with India's top talent at Edifice Architects and Cherry Hill Contractors for a unique solution executed to perfection by Matrix.

The answer is a multi-level, multi-product, multi-colour ceiling.

Primary ceiling is Square Cuadrado in light shade installed on Skelet Trellis Ebony framing that contrasts with the tile surface and yet matches the square black perforations.

The secondary ceiling is Shapes Hexagon in Blue colour installed in clusters of three panels. If you haven't guess it, the blue, of course, is inspired by the KPMG logo!

This is one cafeteria that KPMG employees will enjoy given the dynamic, designer ceilings yet the quiet, comfortable environment. No more for MNC corporates in India those drab, dreary cafeterias that are noisy and stressful to visit.

Case Study 3

Serge Astral Clip-in - Stainless Steel Aquila

D J Academy of Design

www.djad.in/

Place - Coimbatore

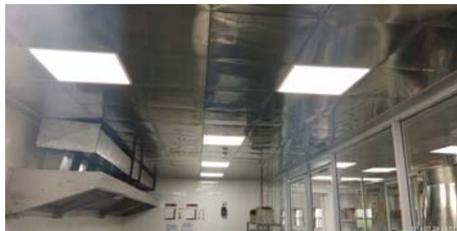

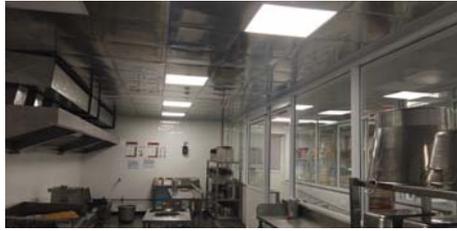

Segment - **Education**
[Dining Hall]

Architect - Mancini Enterprises

Installer - Stavera Buildtech

Products - Serge Mensa
Clip-in GI &
Serge Aquila
Clip-in SS

How to achieve the highest cleanroom standards of hygiene for a kitchen and dining ceiling?

Team Anutone came up with another perfect ceiling solution that fulfilled three key parameters

- 1) Stunning visuals with services integration
- 2) Cleanroom with zero corrosion or dust
- 3) Make in India product with green credentials

the key product being Serge Astral Clip-In in Stainless Steel core and finish.

It is in our less-used Aquila variant which is unperforated and provides for a glossy clean surface, easy to maintain at all times. The Galvanised Steel - Mensa variant which is perforated was used for the less critical areas like corridors etc.

The tight Clip-in SpringT framing ensures zero dust transmission for the plenum, the stainless steel ensures zero corrosion, the glossy finish ensures easy wet cleaning and Make in India ensures green credentials of less carbon emissions in transportation.

A healthy and safe space is created for food preparation and dining. Just as the client wanted and architect intended.

50+ years of manufacturing excellence and acoustical passion
